## SUMMARY

Committed to leveraging my skills in a challenging environment. Enthusiastic Student with superior skills in working in both team-based and independent capacities. Bringing strong work ethic and excellent organizational skills to any setting.

## TECHNICAL SKILLS

**Languages/Frameworks:** Java, JavaScript, Tailwind CSS, HTML, CSS, MERN Stack

**Databases:** PostgreSQL, MongoDB

**Tools/Concepts:** Data Structures, Git, GitHub, VS Code, RESTful APIs, Machine Learning Basics

## EXPERIENCE

**AICTE - EduSkills**

**07/2025 – 09/2025**

*Ethical Hacking Intern*

*Virtual*

- Successfully completed a 10-week virtual internship in Ethical Hacking supported by AICTE.
- Enhanced skills in network security, vulnerability assessment, and industry-standard security protocols.

**CypherByte Technologies**

**08/2024 – 08/2024**

*Web Development Intern*

*Virtual*

- Completed a virtual internship focused on modern Web Development practices.
- Gained exposure to industry tools, responsive design, and frontend workflows.

## EDUCATION

**Narula Institute of Technology**

**Expected 08/2027**

*Bachelors Of Computer Applications*

*Kolkata, India*

- Current GPA: 8.0/10

## PROJECTS

**MERN Chatbot with Data Training** | *MongoDB, Express.js, React, Node.js*

- Engineered a full-stack chatbot utilizing the MERN stack for seamless real-time communication.
- Integrated data training methodologies to process custom datasets, enhancing the bot's accuracy and response relevance.

**BookStore Web App** | *MERN Stack*

- Built a full-stack bookstore application with user authentication and CRUD functionality.
- Managed database schema design with MongoDB and implemented secure RESTful APIs.

**Spotify Clone** | *HTML, CSS, JavaScript*

- Developed a front-end clone of Spotify, replicating core UI features like sidebar navigation and player controls.

## ACTIVITIES

- **Technical Events:** Participated in the College Tech Fest "**Kritanj**" during the first year of BCA.
- **Competitive Programming:** Solved **200+** problems on **LeetCode**, specializing in Data Structures and Algorithms.
